Terrybear

Terrybear Urns® designs beautiful and affordable urns that funeral industry professionals and families have come to know and appreciate. Each urn is individually handled; there is no mass production, meaning each urn is unique.

Terrybear brass urns are crafted by hand using a sandcasting process that is hundreds of years old. Depending on the design, an urn may go through as many as seven processes before inspection and packaging.

Each cloisonné urn, made with copper and enamel is also crafted by hand using a comprehensive and sophisticated process. For the full cloisonné range see page 4.

All Terrybear designs are ©1994-2020 Terrybear, Inc. Memory of a Lifetime and Terrybear are registered trademarks of Terrybear, Inc. Heart Keepsakes are patent protected.

Living Tributes

Sizes vary by design. Approx. 5.0x5.0x0.5cm thick

(90% strike rate)

Living Tributes are a special gift with an earthy touch, that can be gifted at the service, as well as after the service to those who could not attend, creating a living tribute to your loved one.

Handmade in Australia from recycled materials, they are inlaid with locally sourced flower petals and native Australian Everlasting flower seeds which grow when planted. As these items are individually handmade, variation in colour and shape will occur. Included with each Living Tribute is an instruction card (image below). Organza bags are also available for purchase.

Cut flowers can also be dried for an even longer lasting tribute. Dry flowers and preserve colours by hanging in bunches upside down in a brown paper bag in a dark place until dry.

PERMANENT OCEANE, SAND

Mini: 12.7x13.3cm Adult: 19.0 x 23.5cm

These are permanent (non-biodegradable) urns made with sustainable materials. The urn is kiln-fired for strength and durability and is ideal for presentation in the family home.

A Living Tribute

Handmade from biodegradable and recycled materials and embedded with seeds, this paper heart will grow flowers as your own living tribute.

Simply plant it in a pot, or directly in a warm garden, covered with 0.5cm of fine soil.

Water lightly every day until the seeds germinate in approximately 5-10 days, then when needed. Flowers in 3-4 months. The paper will recycle into the soil as the seeds burst into flowers.
